RESEARCH & INNOVATION OFFICE UNILAG

ABOUT US

At the Research and Innovation Office, UNILAG, we provide institutional platform for connecting research outcomes of members of the university community to societal needs. The office plays an integral role in the activation of multidisciplinary groups for cutting edge research with both translational and transformational potentials. Additionally, we administer grant portfolios for the university and provide capacity building support in Grantmanship and Research Ethics.

The activities of the office cover grant portfolio administration and intellectual property administration.

We are essentially a one-stop “shop” for research management and administration in the University as well as a hub to harness research outcomes for national prosperity.

OUR VISION

To elevate the University of Lagos to an enviable level among global institutional players in research, innovation and development.

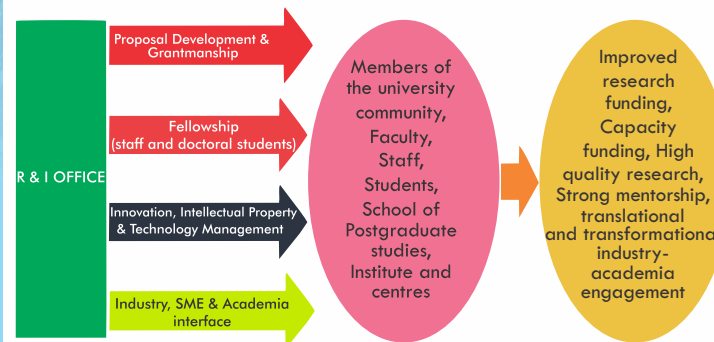

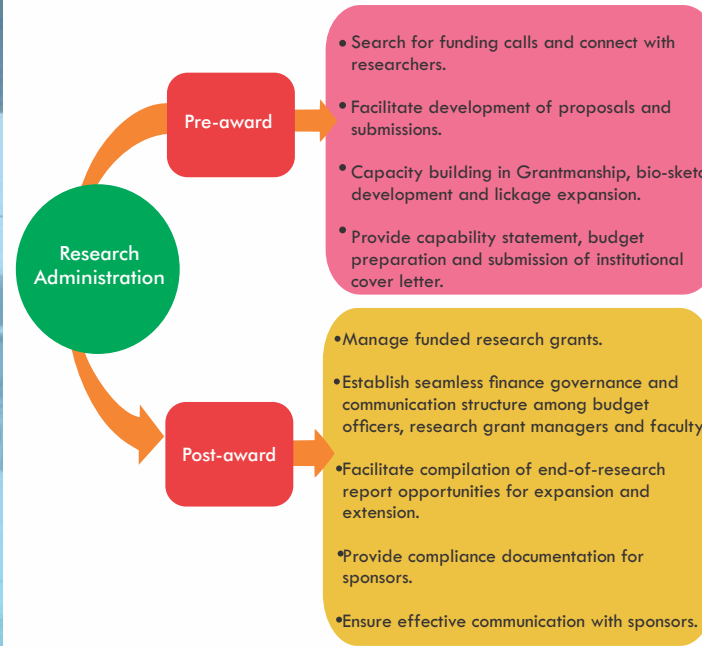

OUR MISSION

To promote and sustain a vibrant community for creating bold ideas and expanding creative horizons where faculty, staff and students explore and leverage opportunities for cutting-edge research, create knowledge and impact lives through innovation.

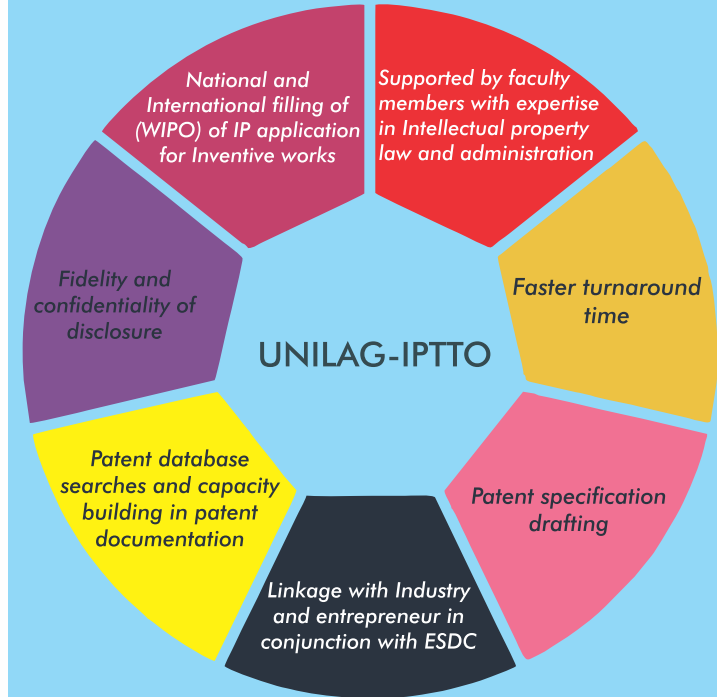

RESEARCH ADMINISTRATION

- Coordinate and administer grant writing activities in the university.
- Organise trainings and workshops to support research initiatives.
- Provide administrative support to researchers in the preparation and submission of grant application.
- Maintain a directory of multidisciplinary expertise in the University for industry –academia interface.
- Oversee all compliance requirements related to research including ethical conduct of research.
